You must then file Form 1040X, <i>Amended U.S. Individual Income Tax Return</i> , to report your recomputed amount of Form 8615 tax. The following logic should be applied to the domestic IMF TPNCs (TPNCs 101-299 and 501-799):

- Current Year 2015 Tax Returns – TPNCs should be based on the Form Number. If a TPNC is not available for the specific form type, the default TPNC should be used.
- Prior Year (TY14 and prior) Tax Returns – The default TPNC should be used for all returns that are not equal to the current processing year.
- Converted Tax Returns – If TPNC 111 is present, print the default language for all assigned TPNCs. This applies to current year and prior year returns. TPNC 111 will always be used in conjunction with additional TPNCs.
- Any International Return (Current and Prior Year) – The default TPNC should be used for all returns with an assignment of an IMF domestic TPNC that have an International Form Type.

IMF Input Code	Explanation of Penalty and Interest Charges
01	Filing and Paying Late - A combined penalty has been added because your return was filed late and the tax was not paid when due. The penalty is figured at 5 percent of the unpaid tax for each month or part of a month the return was late. It cannot be more than 25 percent of the tax paid late. For income tax returns due after December 31, 1982 that are filed more than 60 days late, the penalty will not be less than \$100 or 100 percent of the balance of tax due on your return, whichever is smaller.
02	Underpayment of Estimated Tax - A penalty has been added because your estimated tax was underpaid. Generally, this penalty is charged when the total tax payments made on time are less than 90 percent of the tax shown on the return. The penalty is figured daily for the time the tax remains unpaid. However, all or part of this penalty can be removed if you meet any of the exceptions listed in the instructions on Form 2210 (Underpayment of Estimated Tax by Individuals). The penalty may also be removed if your underpayment was due to casualty, disaster, or other unusual circumstances. In addition, it may be removed if you had a reasonable cause for not making a payment and you either retired after age 62 or became disabled in the tax year a payment was due, or in the preceding year.
04	Dishonored Check - A penalty has been added because your check to us was not honored by your bank. For checks of less than \$15.00, the penalty is the amount of the check. For checks of more than \$15.00 to \$750.00, the penalty charge is \$15.00. For checks \$750.01 and greater, the penalty charge is 2% of the amount of the remittance.
05	Fraud - A penalty has been added for fraud. It is 50 percent of the underpaid tax, plus 50 percent of the interest due on the portion of the underpayment attributable to fraud. This 50 percent of the interest charge is a penalty and cannot be deducted from Federal taxes.
06	Negligence - A penalty has been added for negligence. It is figured at 5 percent of the underpaid tax, plus 50 percent of the interest charge. This 50 percent of the interest charge is a penalty and cannot be deducted from Federal taxes.
07	Failure to Pay - A penalty has been added because your tax was not paid when due. The penalty is

	1/2 of 1 percent of the tax not paid on time. It is figured for each month or part of a month the payment was late and cannot be more than 25 percent of the tax paid late. However, any period used in figuring a penalty explained in Code 01 has not been included in figuring this penalty.
08	Missing Social Security Number - A penalty has been added because your return did not include your social security number, or your spouse's number if you are married and filing a joint return or married and filing separate returns. The penalty is \$50 for each time a required number was not included.
09	Interest - Interest is figured from the due date of the return to the date of full payment or to the date of this notice.

(4) BMF Input Codes

BMF Input Code	Explanation of Penalty and Interest Charges
01	Delinquent Filing Penalty - A combined penalty has been added because your return was filed late and the tax was not paid when due. The penalty is figured as 5 percent of the unpaid tax for each month or part of the month the return was late. It cannot be more than 25 percent of the tax paid late. For income tax returns after December 31, 1982, that are filed more than 60 days late, the penalty will not be less than \$100 or 100 percent of the balance of tax due on your return, whichever is smaller.
02	Estimated Tax Penalty - A penalty has been added because your estimated tax was underpaid. Generally, this penalty is charged when the total tax payments made on time are less than 90 percent of the tax shown on the return. The penalty is figured daily for the time the tax remains unpaid. However, all or part of this penalty can be removed if you meet any of the exceptions listed in the instructions on Form 2220 (Underpayment of Estimated Tax by Corporations). These are the only exceptions that can be accepted.
03	Failure to Deposit - We charged a penalty because it appears that you didn't deposit the correct amounts of tax on time. We used your record of Tax Liability to determine where to apply your deposits. We applied your deposits in the date order we received them. We figured the penalty on any tax not deposited, deposited late, or not deposited in the correct amounts. For deposits due after 12/31/89, the penalty rate varies as follows: 2% - deposits made 1 to 5 days late 5% - deposits made 6 to 15 days late 10% - deposits made 16 days or more late, but on or before the 10th day after the date of the first notice we sent you asking for the tax you owe.
04	Dishonored Check - We charged a penalty because your bank did not honor your check. For checks of \$1,250 or more, the penalty is 2% of your check amount. For checks of less than \$1,250, the penalty is the check amount or \$25, whichever is less.
05	Fraud - The penalty is 75% of the tax you didn't pay due to fraud (50% of the tax you didn't pay due to fraud on returns required to be filed before 1/1/87, not including extensions. For tax you didn't pay due to fraud on returns required to be filed before 1/1/89, the penalty includes an additional 50% of the interest charged on the part of your underpayment due to fraud. This additional interest charge is a penalty and cannot be deducted from your federal taxes.
06	Negligence Penalty - We charged a penalty of 5% on your unpaid tax. For underpayments on returns due before 1/1/89, not including extensions, we charged an additional 50% of the interest on the part of your underpayment due to negligence. This additional interest charge is a penalty and cannot be deducted from your federal taxes.
07	Failure to Pay - We charged a penalty because, according to our records, you didn't pay your tax on time. Initially the penalty is 1/2 of 1% of the unpaid tax for each month or part of a month you didn't pay your tax. If we issue a Notice of Intent to Levy and you don't pay the balance due within 10 days from the date of the notice, the penalty increases to 1% a month. The penalty can't be more than 25% of the tax paid late.
08	Missing Taxpayer Identifying Number (TIN) - We charge a penalty when you don't provide a social security number (SSN) for yourself, your dependent, or another person. We also charge a penalty when you don't provide your own SSN to another person or if you don't include your employer identification number on an information return. The penalty of \$5 for each missing TIN the law requires on returns and statements due by 12/31/89. The penalty is \$50 for each missing TIN the law requires on returns and statements due after 12/31/89.
09	Interest - Interest is figured on unpaid tax from the due date of the return to the date of full payment or to the date of this notice.

BMF Input Code	Explanation of Penalty and Interest Charges
10	Daily Delinquency Penalty - A penalty has been added because your explanation for filing your return was not acceptable as reasonable cause. The penalty is \$10 a day for each day the return was late, but cannot be more than \$5,000.
11	Failure to Deposit - We charged a penalty because it appears that you didn't deposit the correct amounts of tax on time. Also, your Record of Federal Tax Liability was incomplete or illegible, or the liability amounts you reported didn't equal the net taxes for the tax period. Therefore, we averaged the total tax liability and equally distributed it throughout the tax period. We applied your deposits to the averaged liabilities in the date order we received them. We figured the penalty on any tax not deposited, deposited late or not deposited in the correct amounts. For deposits due after 12/31/89, the penalty rate is as follows: 2% - deposits made 1 to 5 days late, 5% - deposits made 6 to 16 days late, 10% - deposits made 16 or more days late, but on or before the 10th day after the date of the first notice we sent you asking for the tax you owe. When you don't pay the amount you owe within ten days of the date of the first notice we sent you, we automatically increase the penalty rate to 15% and include the additional penalty in the next bill.
12	Incomplete Return Penalty - We charged you a penalty because, according to our records, you didn't file a complete return. The penalty is \$10 a day for each day the return was incomplete, but may not be more than \$5,000 or 5% of your gross receipts for the year, whichever is less.

For income tax returns due after December 31, 1982, that are filed more than 60 days late, the penalty will not be less than \$100 or 100 percent of the balance of tax due on your return, whichever is smaller.
04	Dishonored Check - We charged a penalty because your bank did not honor your check. For checks of \$1,250 or more, the penalty is 2% of your check amount. For checks of less than \$1,250, the penalty is the check amount or \$25, whichever is less.
05	Fraud Penalty - A penalty has been added for fraud. It is 50 percent of the underpaid tax, plus 50 percent of the interest due on the portion of the underpayment attributable to fraud. This 50 percent of the interest charge is a penalty and cannot be deducted from Federal taxes.
06	Negligence Penalty - A penalty has been added for negligence. It is figured at 5 percent of the underpaid tax, plus 50 percent of the interest charge. This 50 percent of the interest charge is a penalty and cannot be deducted from Federal taxes.
07	Failure to Pay - A penalty has been added because your tax was not paid when due. The penalty is 1/2 of 1 percent of the tax not paid on time. It is figured for each month or part of a month the payment was late and cannot be more than 25 percent of the tax paid late. However, any period used in figuring a penalty explained in Code 01 has not been included in figuring this penalty.
08	Missing Social Security Number - A penalty has been added because your return did not include your social security number, or your spouse's number if you are married and filing a joint return or married and filing separate returns. The penalty is \$5 for each time a required number was not included.
09	Interest - Interest is figured on unpaid tax from the due date of the return to the date of full payment or to the date of this notice.
10	Daily Delinquency Penalty - A penalty has been added because your explanation for filing your return was not acceptable as reasonable cause. The penalty is \$10 a day for each day the return was late, but cannot be more than \$5,000.
