## 2 General Background

Section 10 provides penalty and interest policy guidelines, processing codes and additional information from the Office of Service wide Penalties (OSP) and the Office of Service wide Interest (OSI). The following websites provide additional penalty and interest information.

## 3 Interest Rates

The statutory requirements for calculating interest on underpayments and overpayments are contained in IRC 6601 and IRC 6611, respectively. The payment of interest on underpayments and overpayments under these provisions is mandatory unless otherwise provided by law.

IRC 6621 provides the interest rates on overpayments and underpayments for corporate and non-corporate taxpayers. The interest rates, which are determined on a quarterly basis, appear in the Interest Rate Tables located on the Servicewide Electronic Research Program (SERP) website at: [SERP - Interest Rates - IRM Supplements \(irs.gov\)](#)

For all interest provisions, see [IRM 20.2, Interest](#).

## 4 Penalty Provisions

In general, for every filing, paying and reporting requirement imposed by the Internal Revenue Code, there is a penalty provision for failing to comply with the requirement. This section does not contain information on all penalty provisions. For all penalty provisions, see [IRM 20.1, Penalty Handbook](#).

Type of Penalty	Penalty Rate and Information
Failure to File IRC 6651(a)(1)	The penalty is 5% of the tax unpaid on the return due date (without regard to extensions) for each month or part of a month that the return is late, not to exceed 25%. When an income tax return is 60 days or more late, the minimum penalty amount is listed in IRM 20.1.2.3.7.4 is \$450* (\$435 on returns due between 01/01/2020 and 12/31/2022), \$210 on returns due between 01/01/2018 and 12/31/2019, \$205 for returns due between 01/01/2016 and 12/31/2017, \$135 for returns due between 01/01/2009 and 12/31/2015 and \$100 for returns due before 01/01/2009), or 100% of the unpaid tax, whichever is less.
Failure to Pay Tax Shown on the Return IRC 6651(a)(2)	<p>The penalty is 1/2% of the tax shown on the return that is not paid by the return due date without regard to extensions. The penalty is charged on the unpaid tax for each month or part of a month that the tax remains unpaid, but it cannot exceed 25% in the aggregate.</p> <p>When both above penalties apply for the same month, the Failure to File penalty is reduced by the amount of the Failure to Pay penalty for that month, unless the minimum Failure to File penalty applies.</p>
Failure to Pay Tax Upon Notice and Demand for Payment IRC 6651(a)(3)	<p>The penalty is 1/2% of the tax in the notice and demand for payment that remains unpaid 21 calendar days (10 business days, if the total due in the notice was \$100,000 or more) after the date of the notice. The penalty is charged on the unpaid tax for each month or part of a month that the tax remains unpaid, but it cannot exceed 25% in the aggregate.</p> <p>Both Failure to Pay penalty rates are increased to 1% per month on any tax that remains unpaid 10 days after IRS has issued a Notice of Intent to Levy Certain Assets. Issuance of such a notice is identified by notice status 58, TC 971 with action code 035 or 069, or by an assessment with doc code 51 and blocking series 14X.</p> <p>The penalty rate for Failure to Pay Tax Upon Notice and Demand for Immediate Payment is 1% as of the date of the notice for any jeopardy assessment. Jeopardy assessments are identified by doc code 51 with blocking series 100 - 119.</p> <p>For individual taxpayers who filed on time, any Failure to Pay penalty rates are decreased to 1/4% per month during any month during which the taxpayer has an approved installment agreement with the IRS for that tax.</p>
Failure to Deposit Taxes IRC 6656	For deposits required after December 31, 1989, there is a four-tiered penalty. The penalty is 2% for deposits 1-5 days late, 5% for deposits 6-15 days late, 10% for all direct payments and those deposits more than 15 days late, but paid on or before the 10th day following notice and demand, and 15% (actually, a 5% addition to the 10%) for late undeposited taxes still unpaid after the 10th day following the first balance due notice or the day on which notice and demand for immediate payment is given.
Failure to Pay Estimated Tax IRC 6654 & IRC 6655	The penalty is determined by multiplying the daily interest rate in effect for a given day by any underpaid installment amount for that day. The total penalty is the aggregate of the penalty for all days during which an underpayment exists.
Bad Checks Dishonored Paper Checks or Money Orders/Insufficient Funds on Electronic Payments  IRC 6657	<p>The penalty is 2% of the amount of the dishonored payment instrument, or if the amount of the dishonored payment instrument is less than \$1,250, then the penalty is the <i>lesser</i> of \$25 or the amount of the payment.</p> <p>Effective July 2, 2010, the penalty includes all "instruments" (forms) of payment. For dishonored checks or money orders received after May 25, 2007, and prior to July 2, 2010, the bad check penalty was <b>only applicable</b> to paper checks and money orders.</p> <p>The penalty was 2% of the amount of the dishonored payment, or if the amount of the dishonored payment was less than \$1,250, then the penalty was the <i>lesser</i> of \$25 or the amount of the payment. Penalties were not assessed on checks less than \$5.00. See IRM 20.1.10, Miscellaneous Penalties.</p>
Failure to File a	For returns due before 12/21/2007, the penalty is \$50 per person (as defined in

Accuracy Related Penalty IRC 6662	<p>The general IRC 6662 penalty rate is 20% of the portion of the underpayment resulting from the misconduct. The penalty rate increases to 40% in certain circumstances involving gross valuation misstatements, nondisclosed noneconomic substance transactions, and undisclosed foreign financial asset understatements. ## 5 Penalty and Interest Table

Certain penalties and interest must be specifically addressed when adjusting tax, credits or payments within a module. This Penalty and Interest Table contains the information needed to address these conditions. The table also contains the underpayment interest effective date for the transactions listed, when applicable.

NOTE: For those penalties where interest accrues from the **later** of the return due date or extended return due date, the terms “return due date” and “extended return due date” include any authorized postponements under IRC 7508, Combat Zone/Contingency Operation, or 7508A, Presidentially Declared Disaster/Terroristic/Military Action, and therefore must be considered when performing a manual interest computation – see IRMs [20.2.7.11](#) and [20.2.7.13](#). (The postponement periods of IRC 7508/7508A are automatically implemented for systemic computations by the IRS computer when applicable.)

## 6 Return Preparer Penalties

Form 8278 is an adjustment document (ADJ54) used for assessments or abatements of return preparer penalties and other miscellaneous civil penalties that are not subject to deficiency procedures. The Penalty Reference Number (PRN) is keyed in with a positive dollar amount for assessments. A Transaction Code (TC) 290 posts with a TC 240 for the assessed amount. Preparer penalties are assessed on the tax period of the return in violation. Use MFT 55 for violations by an individual tax return preparer and MFT 13 for violations by a firm tax return preparer. Tax return preparer penalty PRNs are listed below. See IRM 20.1.6, Preparer/Promoter/Material Advisor Penalties for additional information.

**Note:** Return Preparer Penalties under IRC 6695 (a) – (g) are subject to annual inflationary adjustments as a result of P.L. 113-295, effective starting tax year 2015. Rates are included in the table below showing historical and current rates as adjusted for inflation, if applicable.

## 7 Information Return Penalties

Field compliance functions use Form 3645, Computation of Information Return Penalty, in conjunction with Form 8278, Assessment and Abatement of Miscellaneous Civil Penalties, to compute penalties for failure to file correct information returns, failure to furnish correct payee statements, and failure to comply with other information reporting requirements.

For more information related to information return penalties including procedures for working these penalties, refer to Document 13267, Field Procedures for Securing and Processing Information Return Penalties. See IRM 20.1.7, Information Return Penalties.

Safe harbor for certain de minimis errors on information returns and payee statements: Section 202 of the PATH Act (P.L. 114-113) added IRC 6721(c)(3) and IRC 6722(c)(3) with respect to an information return filed with the Secretary, if no single amount in error differs from the correct amount by more than \$100, and no single amount reported for tax withheld on an information return differs from the correct amount by more than \$25, then no correction shall be required and, for

**Any line marked with # is for official use only**

purposes of IRC 6721 and IRC 6722, such return shall be treated as having been filed/furnished with all of the correct required information. This safe harbor applies to returns required to be filed, and payee statements required to be furnished, after December 31, 2016. The safe harbor shall not apply if the person to whom such statement is required to be furnished makes an election to opt out of the safe harbor. See Notice 2017-09, 2017-4 I.R.B. 542.

Various legislative changes have increased the penalty rates and maximum amounts for IRC sections 6721-Failure to File Correct Information Returns and 6722-Failure to Furnish Correct Payee Statements, beginning with returns required to be filed and statements required to be furnished on or after January 1, 2011.

Beginning with returns required to be filed and statements required to be furnished on or after January 1, 2016, the penalty rates and maximum amounts are subject to annual inflationary adjustments required by IRC sections 6721(f) and 6722(f). **The reflected amounts in the tables below for this year and subsequent years include inflation adjustment, if applicable.** Where the amount is the same as referenced in the IRC, then the inflationary calculation did not meet the minimum adjustment required under IRC sections 6721(f)(2) or 6722(f)(2).

For additional information regarding IRC 6721 and IRC 6722 rates and legislative changes, refer to the IRC 6721/6722 Penalty Rate Overview and Legislative Information page at <https://portal.ds.irsnet.gov/sites/vl015/lists/informationreturns/DispltemForm.aspx?ID=36>

## 8 Penalty Reference Numbers (PRN) – Miscellaneous Civil Penalties

Penalty Reference Numbers (PRN) are used to assess and abate miscellaneous civil penalties. Some civil penalties are assessed and abated with their respective PRN or Transaction Code (TC) (generally, not TC 240/241) using Forms 5344, 5403, 3870 or similar closing and adjustment documents.

Form 8278, Assessment and Abatement of Miscellaneous Civil Penalties, is used to assess or abate civil penalties on MFT 13 (BMF), MFT 55 (IMF) and MFT 35 (IRC section 5000A relating to the Individual Shared Responsibility Payment under the Affordable Care Act) accounts. Always use the current Form 8278, which is available at the IRS Publishing website using the following link:

### 9 Penalty Reason Codes (PRC)

When a penalty is manually reduced, abated or suppressed, a Penalty Reason Code (PRC) is required to be input with the penalty adjustment to indicate why the penalty is being reduced, abated or suppressed. A PRC is input to the fourth RC position.

Document Code 54 (TC29X) – enter the appropriate PRC (for example 022, 024, 025, 026, or 030) in RC position four of ADJ54 when Reason Code 062 is used in RC position one. Do not use RC 062 in combination with any of the other PRC in RC position four (see exception for PRCs 018/020 in IRM 20.1.1.3.3.2.1(13)).

Document Code 47 (AIMS Adjustment) – A PRC is a required entry for abatement or suppression of penalties, TC 161, 171, 181, 201, 235, 241, 271, 281, 311, 321, 351 and Penalty Reference Numbers (Negative amounts only). The PRC may be entered for input with TC 300, 304 and 308. Enter the appropriate PRC on Form 5344, Form 5599 and 5650 in item #02 of AMCLS.

Refer to [IRM 20.1.1.5.1, Master File Penalty Reason Codes](#), and [Exhibit 20.1.1-2, Penalty Reason Code \(PRC\) Chart](#) for detailed information. Refer to penalty relief criteria throughout IRM 20.1 to first determine if penalty relief criteria are met and if use of a specific PRC is reflected. The definitions in this chart are provided as general guidelines for selecting the most appropriate PRC where a PRC is not specified in the applicable IRM 20.1 subsection, or other functional IRM such as Part 4, 5 or 21, that contains specific penalty relief criteria.

**(3) Glossary of Terms for Employment Taxes**

Term	Definition or Example	
<b>Lookback Period</b> - Is a period of historical return filing(s) used to determine which deposit schedule a taxpayer must follow when making current year payroll tax deposits.	For quarterly returns: the total original employment tax liabilities from tax periods between July 1 and June 30 immediately preceding the tax year	For annual returns: the total original employment tax liability from the second previous year.
<b>Monthly or Semi-weekly Deposit Schedule</b> - The schedule an employer follows to determine the length of the deposit period over which liabilities are accumulated and when the deposit is due. Refer to <u>IRM 20.1.4.8.2, Lookback Periods for Employment Tax.</u>		
<b>Deposit Period</b>	For taxpayers following a monthly deposit schedule, the deposit period covers a calendar month	For taxpayers following a semi-weekly deposit schedule, the deposit periods are:  Sat., Sun., Mon. & Tues. *****and*****  Wed., Thur. and Friday
<b>Accumulated Liability</b> - The sum of tax liabilities from each individual payroll(s) within a deposit period. The amount that must be deposited. (Also referred to as Deposit Liability).		
<b>Business Day</b> - Deposits are due only on business days. A business day is every calendar day that is not a Saturday,		

<p>Sunday or legal holiday under IRC section 7503. Additionally, the term "legal holiday" for FTD purposes includes only those legal holidays in the District of Columbia. The following days are currently legal holidays in the District of Columbia: New Year's Day, Birthday of Martin Luther King, Jr., Washington's Birthday, District of Columbia Emancipation Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, Christmas Day, and the day of the inauguration of the President, every fourth year.</p>
<p><b>Safe Harbor</b> - Use of the safe harbor rules has been expanded to all depositors. An employer is required to deposit 100% of the deposit liability on or before the deposit due date. Regulations provide a safe harbor, (safety net option) if the employer cannot deposit the full amount required. An employer will still be considered to have met their deposit obligation if the underpayment/shortfall (the difference between the required deposit liability amount and the actual amount of the deposit) is less than the greater of \$100 or 2% of the required deposit. The shortfall is treated as a new, unique, separate liability, arising from its own separate deposit period and carrying its own deposit due date. The shortfall due date is determined by the deposit schedule followed.</p>
<p><b>De Minimis Rule</b> - Employers handling payroll taxes are required to deposit those monies. Failure to deposit in the correct manner will subject the employer to a FTD penalty equal to 10% of the amount incorrectly submitted. However, under the de minimis exception an employer may be relieved of the burden of making deposits and may submit a check (to the IRS) for the full amount of the tax liability with their return without incurring an FTD (failure to deposit in the correct manner) penalty if the following criteria is met:</p> <ul style="list-style-type: none"> <li>• Annual filers with a total return liability of less than \$2,500.</li> <li>• Form 940 filers with a total liability of \$500 or less.</li> </ul> <p>Quarterly Form 941 filers with a total return liability of less than \$2,500 in the current quarter or a total return liability of less than \$2,500 in the previous quarter, with NO \$100,000 next-day deposit obligation in the current quarter. For de minimis thresholds (including prior years) see <u>IRM 20.1.4.6, De Minimus Exception to Deposit Requirements.</u></p>
<p><b>Application of Payments (FIFO)</b> - Credits are ordered by the date received. Multiple credits of the same transaction code received the same date are combined into one credit amount. Valid credits include TC 610, 650, 670, 700, 760, 710, 716 and 766 with CRN 296 and 299.</p> <p>Liabilities are ordered by the due dates. Multiple liabilities arising from the same deposit period are combined into one liability, unless the liability reaches \$100,000. The liability is due the next day and any remaining liabilities in the deposit period are combined. Multiple liabilities, from various deposit periods, with the same due date are further ordered by their incurred date.</p> <p>For periods after December 31, 2001, deposits are applied to the most recently ended deposit period or periods within the specified tax period to which the deposit relates as provided for in Rev. Proc. 2001-58. The application of deposits to the most recently ended deposit period will, in some cases, prevent the cascading penalties where a depositor either fails to make deposits or makes late deposits. See the job aid on the "Most Recent Payment Allocation Method" located in SERP Job Aids Accounts Management, <u>IRM 21.7, Business Tax Returns and Non-Master File Accounts.</u></p>

**(4) Penalty Computation Codes (PCC)**

The following PCCs are associated with the FTD Penalty and used to describe the reason(s) why the FTD penalty was assessed. See Section 10.9, Penalty Reason Codes (PRC), in this Document 6209, IRS Processing Codes and Information, for detailed information.

Transaction Code (TC)	Return with Good ROFTL Information	Return with Invalid or No ROFTL	Returns Using Monthly ROFTL Instead of Daily ROFTL
All *good TC 650	PCC 003	PCC 011/057***	PCC 054/057***
All TC 670 and/or **bad TC 650	PCC 041	PCC 043/057***	PCC 055/057***
Mix of TC 610, *good 650 and **bad 650 and 670	PCC 042	PCC 044/ 057***	PCC 056/ 057***
<p><i>*good TC 650 is a deposit made before 1-1-2011 as required: by coupon through an authorized depositary or in the case of a mandated taxpayer, a deposit made via EFT.</i></p> <p><i>**bad TC 650 is a non-EFT deposit made by mandate (taxpayer required to deposit electronically prior to 01-01-2011).</i></p> <p><i>*** If averaged monthly tax liability is over \$100,000, use PCC 057.</i></p>			

Any line marked with # is for official use only

A PCC generating with a TC 186 is used to explain why Master File computed a penalty on the account. A PCC also dictates which penalty explanation language is printed on balance due notices.

A PCC is also required with the input of a manual TC 180 penalty assessment to explain why the penalty was assessed. Indicating the computation method used will continue the processing audit trail and reduce the need to request previous case files when responding to incoming correspondence or calculating subsequent adjustments. See [IRM 2.4, IDRS Terminal Input](#), for input instructions for the PCCs.

When using Reason Code (RC) 062, the reasonable cause indicator is not affected by the input of the above codes and still must be input whenever reasonable cause applies. It may be used alone (for abatements) or with any of the above codes when reasonable cause is being denied and a penalty is manually assessed. RC 062 is entered in the first RC position; the applicable penalty reason code must be entered in the fourth RC position.

**(5) Schedule Indicator Codes (SIC)**

A SIC 2 or 3 coded on the return during the return processing will prevent Master File from determining a penalty amount. Instead, Master File generates CP 194 Possible FTD Penalty Notice. The Campus manually reviews all CP 194 accounts.

The SIC applicable to FTD penalty processing are as follows:

SIC	199212 & Prior	199312	199412 thru 200512	200512 & Subsequent

- a. The Office of Appeals is responsible for processing appeals on previously denied penalty abatement requests. However, this procedure is not applicable to the following:
1. Trust Fund Recovery penalty
  2. Fraud penalty
  3. Negligence penalty
  4. Jeopardy assessment
- b. Field Collection personnel who deny a taxpayer's request for abatement should personally notify the taxpayer of the denial and the appeal procedure. If the taxpayer wishes to appeal, refer to [IRM 5.1.15.16.4, Penalty Relief Denial and Appeals](#), which in general provides that the statement or protest should be submitted within 15 days to the SB/SE Field Collection employee who denied the abatement request. The employee will then prepare the appeal request for transmittal to Appeals and attach the following:
1. The taxpayer's written request for appeal and other pertinent documents,
  2. A copy of the ICS history,
  3. Penalty appeals check sheet,
  4. A copy of the disallowance letter, Letter 2413 (P), and
  5. Prepare Form 3210, Document Transmittal.

Forward the request to the group manager for review and concurrence. Refer to [IRM 5.1.15.16.4](#), Penalty Relief Denial and Appeals, for routing and other input procedures. The employee should maintain the Bal Due in inventory and suspend collection action only on the penalty portion of the Bal Due. When the Appeals Officer has completed the review, adjustment action will be taken, if appropriate, and any pertinent paperwork copies will be submitted to the FC employee advising of the decision.

- c. Campus Personnel who deny the abatement of a penalty per [IRM 20.1.1.3.5.3](#), Taxpayer Not Entitled to Relief, should send the taxpayer Correspondex Letter 854C, Penalty Waiver or Abatement Disallowed/ Appeals Procedure Explained (or Correspondex Letter 852C/853C if the Reasonable Cause Assistant (RCA) is used) and provides the reason(s) for denial. They should also provide the name, address and phone number of the local Campus Penalty Appeals Coordinator. This information is available at
