self-insured health plans to help fund the Patient-Centered Outcomes Research Trust Fund (PCORTF). The PCORTF fee is determined by multiplying the applicable dollar amount for that year by the average number of lives covered during the year. The applicable dollar amount is based on increases in the projected per capita amount of National Health Expenditures, as most recently released by HHS. Notice 2023-70 provided that the adjusted applicable dollar amount for policy years and plan years ending on or after October 1, 2023, and before October 1, 2024, is \$3.22. This notice provides that the adjusted applicable dollar amount that applies for determining the PCORTF fee for policy years and plan years ending on or after October 1, 2024, and before October 1, 2025, is \$3.47. This amount has been determined by Treasury economists using the percentage increase in the projected per capita amount of National Health Expenditures published by HHS last year in June 2024 (Table 3) and the adjustment, as determined by Treasury economists, for year to year variations.

The IRS Mission

Provide America's taxpayers top-quality service by helping them understand and meet their tax responsibilities and enforce the law with integrity and fairness to all.

Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned

against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

Part I.—1986 Code.

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

Part II.—Treaties and Tax Legislation.

This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.

To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury's Office of the Assistant Secretary (Enforcement).

Part IV.—Items of General Interest.

This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The last Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the last Bulletin of each semiannual period.

Part I

Section 6621.— Determination of Rate of Interest

26 CFR 301.6621-1: Interest rate.

Rev. Rul. 2024-25

Section 6621 of the Internal Revenue Code establishes the interest rates on overpayments and underpayments of tax. Under section 6621(a)(1), the overpayment rate is the sum of the federal short-term rate plus 3 percentage points (2 percentage points in the case of a corporation), except the rate for the portion of a corporate overpayment of tax exceeding \$10,000 for a taxable period is the sum of the federal short-term rate plus 0.5 of a percentage point. Under section 6621(a) (2), the underpayment rate is the sum of the federal short-term rate plus 3 percentage points.

Section 6621(c) provides that for purposes of interest payable under section 6601 on any large corporate underpayment, the underpayment rate under section 6621(a)(2) is determined by substituting "5 percentage points" for "3 percentage points." See section 6621(c) and section 301.6621-3 of the Regulations on Procedure and Administration for the definition of a large corporate underpayment and for the rules for determining the applicable date. Section 6621(c) and section 301.6621-3 are generally effective for periods after December 31, 1990.

Section 6621(b)(1) provides that the Secretary will determine the federal short-term rate for the first month in each cal-

endar quarter. Section 6621(b)(2)(A) provides that the federal short-term rate determined under section 6621(b)(1) for any month applies during the first calendar quarter beginning after that month. Section 6621(b)(3) provides that the federal short-term rate for any month is the federal short-term rate determined during that month by the Secretary in accordance with section 1274(d), rounded to the nearest full percent (or, if a multiple of 1/2 of 1 percent, the rate is increased to the next highest full percent).

Notice 88-59, 1988-1 C.B. 546, announced that in determining the quarterly interest rates to be used for overpayments and underpayments of tax under section 6621, the Internal Revenue Service will use the federal short-term rate based on daily compounding because that rate is most consistent with section 6621 which, pursuant to section 6622, is subject to daily compounding.

The federal short-term rate determined in accordance with section 1274(d) during October 2024 is the rate published in Revenue Ruling 2024-24, 2024-45 IRB 1086, to take effect beginning November 1, 2024. The federal short-term rate, rounded to the nearest full percent, based on daily compounding determined during the month of October 2024 is 4 percent. Accordingly, an overpayment rate of 7 percent (6 percent in the case of a corporation) and an underpayment rate of 7 percent are established for the calendar quarter beginning January 1, 2025. The overpayment rate for the portion of a corporate overpayment exceeding \$10,000 for the calendar quarter beginning January 1, 2025, is 4.5 percent. The underpayment rate for large corporate underpayments for the calendar quarter beginning January 1, 2025, is 9 percent. These rates apply to amounts bearing interest during that calendar quarter.

Sections 6654(a)(1) and 6655(a)(1) provide that the underpayment rate established under section 6621 applies in determining the addition to tax under sections 6654 and 6655 for failure to pay estimated tax for any taxable year. Thus, the 7 percent rate also applies to estimated tax underpayments for the first calendar quarter beginning January 1, 2025. Pursuant to section 6621(b)(2)(B), in determining the addition to tax under section 6654 for any taxable year for an individual, the federal short-term rate that applies during the third month following the taxable year also applies during the first 15 days of the fourth month following the taxable year. In addition, pursuant to section 6603(d) (4), the rate of interest on section 6603 deposits is 4 percent for the first calendar quarter in 2025.

Interest factors for daily compound interest for annual rates of 4.5 percent, 6 percent, 7 percent and 9 percent are published in Tables 14, 17, 19 and 23 of Rev. Proc. 95-17, 1995-1 C.B. 568, 571, 573, and 577.

Annual interest rates to be compounded daily pursuant to section 6622 that apply for prior periods are set forth in the tables accompanying this revenue ruling.

Rev. Rul. 2024-26

This revenue ruling provides various prescribed rates for federal income

tax purposes for December 2024 (the current month). Table 1 contains the short-term, mid-term, and long-term applicable federal rates (AFR) for the current month for purposes of section 1274(d) of the Internal Revenue Code. Table 2 contains the short-term, mid-term, and long-term adjusted applicable federal rates (adjusted AFR) for the current month for purposes of section 1288(b). Table 3 sets forth the adjusted federal long-term rate and the long-term tax-exempt rate described in section 382(f). Table 4 contains the appropriate percentages for determining the

low-income housing credit described in section 42(b)(1) for buildings placed in service during the current month. However, under section 42(b)(2), the applicable percentage for non-federally subsidized new buildings placed in service after July 30, 2008, shall not be less than 9%. Finally, Table 5 contains the federal rate for determining the present value of an annuity, an interest for life or for a term of years, or a remainder or a reversionary interest for purposes of section 7520.

Part III

Update for Weighted Average Interest Rates, Yield Curves, and Segment Rates

Notice 2024-81

This notice provides guidance on the corporate bond monthly yield curve, the corresponding spot segment rates used under § 417(e)(3), and the 24-month average segment rates under § 430(h)(2) of the Internal Revenue Code. In addition, this notice provides guidance as to the interest rate on 30-year Treasury securities under § 417(e)(3)(A)(ii)(II) as in effect for plan years beginning before 2008 and the 30-year Treasury weighted average rate under § 431(c)(6)(E)(ii)(I).

YIELD CURVE AND SEGMENT RATES

Section 430 specifies the minimum funding requirements that apply to single-employer plans (except for CSEC plans under § 414(y)) pursuant to § 412. Section

430(h)(2) specifies the interest rates that must be used to determine a plan's target normal cost and funding target. Under this provision, present value is generally determined using three 24-month average interest rates ("segment rates"), each of which applies to cash flows during specified periods. To the extent provided under $\S 430(h)(2)(C)(iv)$, these segment rates are adjusted by the applicable percentage of the 25-year average segment rates for the period ending September 30 of the year preceding the calendar year in which the plan year begins.1 However, an election may be made under $\S 430(h)(2)(D)$ (ii) to use the monthly yield curve in place of the segment rates.

Section 1.430(h)(2)-1(d) provides rules for determining the monthly corporate bond yield curve,² and § 1.430(h) (2)-1(c) provides rules for determining the 24-month average corporate bond segment rates used to compute the target normal cost and the funding target. Consistent with the methodology specified in § 1.430(h)(2)-1(d), the monthly corporate bond yield curve derived from October 2024 data is in Table 2024-10 at the end of this notice. The spot first, second, and

third segment rates for the month of October 2024 are, respectively, 4.42, 5.04, and 5.46.

The 24-month average segment rates determined under § 430(h)(2)(C)(i) through (iii) must be adjusted pursuant to $\S 430(h)(2)(C)(iv)$ to be within the applicable minimum and maximum percentages of the corresponding 25-year average segment rates. Those percentages are 95% and 105% for plan years beginning in 2023, 2024 and 2025. For this purpose, any 25-year average segment rate that is less than 5% is deemed to be 5%. The 25-year average segment rates for plan years beginning in 2023, 2024 and 2025 were published in Notice 2022-40, 2022-40 I.R.B. 266, Notice 2023-66, 2023-40 I.R.B. 992, and Notice 2024-67, 2024-41 I.R.B. 726, respectively.

24-MONTH AVERAGE CORPORATE BOND SEGMENT RATES

The three 24-month average corporate bond segment rates applicable for November 2024 without adjustment for the 25-year average segment rate limits are as follows:

	24-Month Average Segment Rates	Without 25-Year Average Adjustment	:
Applicable Month	First Segment	Second Segment	Third Segment
November 2024	5.03	5.28	5.36

The adjusted 24-month average segment rates set forth in the chart below reflect $\S 430(h)(2)(C)(iv)$ of the Code. The

24-month averages applicable for November 2024, adjusted to be within the applicable minimum and maximum percent-

ages of the corresponding 25-year average segment rates in accordance with § 430(h) (2)(C)(iv) of the Code, are as follows:

	Adjusted 24-Month Average Segment Rates				
For Plan Years Beginning In	Applicable Month	First Segment	Second Segment	Third Segment	
2023	November 2024	5.03	5.28	5.74	
2024	November 2024	5.03	5.28	5.59	
2025	November 2024	5.03	5.28	5.50	

¹Pursuant to § 433(h)(3)(A), the third segment rate determined under § 430(h)(2)(C) is used to determine the current liability of a CSEC plan (which is used to calculate the minimum amount of the full funding limitation under § 433(c)(7)(C)).

²For months before February 2024, the monthly corporate bond yield curve was determined in accordance with Notice 2007-81, 2007-44 I.R.B. 899. Section 1.430(h)(2)-1(d) generally adopts the methodology for determining the monthly corporate bond yield curve under Notice 2007-81 but includes two enhancements to take into account subsequent changes in the bond market. Those enhancements are described in the preamble to TD 9986 (89 FR 2127).

30-YEAR TREASURY SECURITIES INTEREST RATES

Section 431 specifies the minimum funding requirements that apply to multiemployer plans pursuant to § 412. Section 431(c)(6)(B) specifies a minimum amount for the full-funding limitation described in § 431(c)(6) (A), based on the plan's current liability. Section 431(c)(6)(E)(ii)(I) pro-

vides that the interest rate used to calculate current liability for this purpose must be no more than 5 percent above and no more than 10 percent below the weighted average of the rates of interest on 30-year Treasury securities during the four-year period ending on the last day before the beginning of the plan year. Notice 88-73, 1988-2 C.B. 383, provides guidelines for determining the weighted average interest rate.

The rate of interest on 30-year Treasury securities for October 2024 is 4.37 percent. The Service determined this rate as the average of the daily determinations of yield on the 30-year Treasury bond maturing in August 2054. For plan years beginning in November 2024, the weighted average of the rates of interest on 30-year Treasury securities and the permissible range of rates used to calculate current liability are as follows:

Treasury Weighted Average Rates								
For Plan Years Beginning In	30-Year Treasury Weighted Average	Permissible Range 90% to 105%						
November 2024	3.71	3.34 to 3.89						

MINIMUM PRESENT VALUE SEGMENT RATES

In general, the applicable interest rates

under § 417(e)(3)(D) are segment rates computed without regard to a 24-month average. Section 1.417(e)-1(d)(3) provides guidelines for determining the min-

imum present value segment rates. Pursuant to that section, the minimum present value segment rates determined for October 2024 are as follows:

Minimum Present Value Segment Rates									
Month October 2024	First Segment 4.42	Second Segment 5.04	Third Segment 5.46						
October 2024	4.42	3.04	3.40

Sections 4375 & 4376 — Insured and Self-Insured Health Plans Adjusted Applicable Dollar Amount for Fee Imposed by Sections 4375 and 4376

Notice 2024-83

I. PURPOSE

This notice provides the adjusted applicable dollar amount to be multiplied by the average number of covered lives for purposes of calculating the fee imposed by sections 4375 and 4376 of the Internal Revenue Code for policy years and plan years that end on or after October 1, 2024, and before October 1, 2025.

II. BACKGROUND

Section 4375 imposes a fee on the issuer of a specified health insurance policy for each policy year ending after September 30, 2012, and before October 1, 2029. Section 4376 imposes a fee on the plan sponsor of an applicable self-insured health plan for each plan year ending after September 30, 2012, and before October 1, 2029. The fee imposed by sections 4375 and 4376 helps to fund the Patient-Centered Outcomes Research Trust Fund and is calculated using the average number of lives covered under the policy or plan and the applicable dollar amount for that policy year or plan year. Under sections 4375(a) and 4376(a), the applicable dollar amount is \$2 for policy and plan years ending on or after October 1, 2013, and before October 1, 2014. See Treas. Reg. \$\\$ 46.4375-1(c)(4) and 46.4376-1(c)(3).

Under sections 4375(d) and 4376(d) and §§ 46.4375-1(c)(4) and 46.4376-1(c)(3), the applicable dollar amount for policy years and plan years ending in any Federal fiscal year beginning on or after October 1, 2014, is increased based on increases in the projected per capita amount of National Health Expenditures.

Specifically, the applicable dollar amount is the sum of—

- (i) The applicable dollar amount for the policy year or plan year ending in the previous Federal fiscal year; plus
- (ii) The amount equal to the product of—
 - (A) The applicable dollar amount for the policy year or plan year ending in the previous Federal fiscal year; and
 - (B) The percentage increase in the projected per capita amount of the National Health Expenditures, as most recently released by the Department of Health and Human Services (HHS) before the beginning of the Federal fiscal year.

Notice 2023–70, 2023–45 IRB 1228, provides that the adjusted applicable dollar amount for policy years and plan years that end on or after October 1, 2023, and before October 1, 2024, is \$3.22.

III. ADJUSTED APPLICABLE DOLLAR AMOUNT

The applicable dollar amount that must be used to calculate the fee

imposed by sections 4375 and 4376 for policy years and plan years that end on or after October 1, 2024, and before October 1, 2025, is \$3.47. The increase from the prior applicable dollar amount is calculated by multiplying \$3.22 (which is the adjusted applicable dollar amount for policy years and plan years ending in the previous Federal fiscal year) by the percentage increase of the projected per capita amount of National Health Expenditures published by HHS on June 10, 2024. See: https://www.cms. gov/Research-Statistics-Data-and-Systems/Statistics-Trends-and-Reports/ NationalHealthExpendData/National-HealthAccountsProjected.html, Table 3. The percentage increase is calculated after adjustment to reflect updates to the data used to calculate the prior applicable dollar amount, \$3.22, which was based on the per capita amounts of National Health Expenditures for 2023 and 2024 published by HHS on June 12, 2023.

IV. EFFECTIVE DATE

This notice is effective for policy years and plan years ending on or after October 1, 2024, and before October 1, 2025.

V. DRAFTING INFORMATION

The principal author of this notice is William Fischer of the Office of Associate Chief Counsel (Employee Benefits, Exempt Organizations, and Employment Taxes). For further information regarding this notice, contact Mr. Fischer at 202–317–5500 (not a toll-free number).

¹The applicable dollar amount is \$1 for policy and plan years ending before October 1, 2013.

Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as "rulings") that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with modified, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the

new ruling holds that it applies to both A and B, the prior ruling is modified because it corrects a published position. (Compare with *amplified* and *clarified*, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in laws or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in a new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the

new ruling does more than restate the substance of a prior ruling, a combination of terms is used. For example, *modified* and *superseded* describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
