Overview

As provided in Section 12 of <u>Revenue Procedure 2025-11</u>, this document provides the procedures for taxpayers to transfer an allocation of Capacity Limitation when there is a sale or transfer of an underlying facility. For purposes of the Clean Electricity Low-Income Communities Bonus Credit Program (Program), taxpayers may only request an allocation transfer (Allocation Transfer Request) when there is (1) a sale or transfer of a facility from one taxpayer to another taxpayer, and (2) the original owner has already applied for and been awarded an allocation of Capacity Limitation for the applicable facility or facilities. This process is not available if the original owner and taxpayer has already placed the facility in service, before selling or transferring the facility.

Overview (Cont.)

The Allocation Transfer Request is made through the <u>Applicant Portal</u>. Throughout this document and the Applicant Portal, the original owner/taxpayer will be referred to as the "Awardee." The successor taxpayer that currently owns the facility will be referred to as the "Successor Awardee." If a facility was transferred to another taxpayer without a true sale, the terms Successor Awardee and Awardee will still be applied to the transaction for purposes of this transfer process and the Applicant Portal. If you/your organization were the transferor of a facility/or facilities, you/your organization are/is the Awardee. If you/your organization were the transferee that now owns the facility, you/your organization are/is the Successor Awardee. Please also note, the allocation of Capacity Limitation will be associated with the Awardee name and taxpayer identification number until completion of an Allocation Transfer Request.

Overview Illustration of Allocation Transfer Request Process

Please note that if a taxpayer received an allocation for their facility, based, in part, on meeting the ownership criteria, and sold or transferred the facility, that taxpayer should refer to the <u>Treasury Regulations</u> to determine if a disqualification event has occurred.

Successor Awardee – Initiating Allocation Transfer Request

Help Center Allocation Transfer Request Page

The Successor Awardee must initiate and submit the Allocation Transfer Request. However, before a Successor Awardee can initiate an Allocation Transfer Request, that Successor Awardee must be registered as an applicant in the Applicant Portal. To register, please refer to the <u>Applicant User Guide</u> on the <u>IRS Program Homepage</u> for registration instructions. If a Successor Awardee is already registered in the Applicant Portal because the Successor Awardee has previously submitted an application for another facility, that Successor Awardee does not need to re-register.

The first step to initiate an Allocation Transfer Request is for the Successor Awardee to login to the Applicant Portal and navigate to the *Help Center*, which can be found on the navigation bar at the top of the Applicant Portal. The Successor Awardee will then select *Initiate Allocation Transfer Request* (right-most, blue box in the screenshot below).

Selecting this box will lead the Successor Awardee to the Allocation Transfer Request Page.

This page contains the link to the Applicant Portal feature to perform the Allocation Transfer Request. Successor Awardees should ensure that they have gathered all the information necessary to complete the request before initiating a request. The information needed to complete an Allocation Transfer Request is discussed further in the next section.

Successor Awardees and Awardees will also be required to submit a valid IRS Form 8821, *Tax Information Authorization*, as part of the Allocation Transfer Request. There is an Awardee Form 8821 and a Successor Awardee Form 8821 linked on the *Help Center Allocation Transfer Request* page. The Successor Awardee should fill out the 8821 for Successor Awardees using the Successor Awardee's taxpayer name, Taxpayer Identification Number (TIN) (Employer Identification Number or Social Security Number), and address. Please download the applicable Form 8821 only from this *Help Center* page, as the Line 3, Tax Information, authorizations has been pre-filled specifically for use in this Program and for the Allocation Transfer Request process.

The Successor Awardee completes the Successor Awardee Form 8821 using the Successor Awardee's taxpayer name and address in Line 1 and the Awardee's name and address in Line 2. Please see the Form 8821 instructions on irs.gov for assistance with validly completing the Form 8821.

Successor Awardee Attestation

Transfer Request is an attestation. The individual who registered in the Applicant Portal as the Organization/Applicant (which is the Successor Awardee in this scenario) must have authority to sign (select "I agree") this attestation. The "I agree" checkbox must be selected for the Successor Awardee to proceed. Hovering over the **1** icon, while in the Applicant Portal, will provide relevant help text regarding individuals authorized to sign this attestation.

Control Number(s) and Awardee Information

After "signing" the attestation, the Successor Awardee must provide the control number(s) and Awardee Information associated with the allocation that the Successor Awardee is seeking to be transferred. The Successor Awardee is limited to providing 50 control numbers per transfer request.

Each allocation of Capacity Limitation and associated facility has a unique 9-digit control number. Successor Awardees must provide the exact control number(s) associated with the allocation for the facility or facilities the Successor Awardee owns. The Successor Awardee must obtain the control number(s) from the Awardee. Select the green plus icon (+) to add multiple control numbers.

Successor Awardees also must obtain from the Awardee and provide: Awardee Primary Contact First Name, Awardee Primary Contact Last Name, Awardee Organization Name, and Awardee Primary Contact Email.

Important: All *Transfer Request Details* entered must match exactly what was entered by the Primary Contact (which is the "Applying Contact") who submitted for the Organization the application for allocation which resulted in an allocation associated with the control number(s) listed in the Allocation Transfer Request. Please see <u>page</u> <u>14</u> for instructions on how to ensure the information matches.

Successor Awardee – Submit Allocation Transfer Request

Important: Successor Awardees may submit multiple control numbers to request transfers of allocations associated with multiple facilities. However, the control numbers must be for allocations awarded to the same taxpayer organization and with the same Awardee primary contact information. If there are two or more primary contacts associated with one Awardee Organization, then the Successor Awardee must submit a separate Allocation Transfer Request for the allocation requests for control numbers assigned to each Awardee Organization Primary Contact. If all control numbers in an Allocation Transfer Request are not associated with a particular application, Organization, and Primary Contact then the request will be denied.

Moreover, Successor Awardees cannot submit a single Allocation Transfer Request for control numbers associated with different Organizations. If a Successor Awardee submits an Allocation Transfer Request that contains control numbers associated with different Organizations, then the request will be denied.

After all required information has been entered, select *Next* to continue to *Transfer Request Documentation.*

Allocation Transfer Request Documentation

Complete the *Transfer Request Documentation* section by uploading the required IRS Form 8821 for initiating an Allocation Transfer Request. Successor Awardees must use the Successor Awardee Form 8821, which is linked in the *Help Center*. Please see the previous section, "Help Center Allocation Transfer Request Page", for more information on the Form 8821.

Select the *Upload Files* button to upload the completed Form 8821. Please ensure documentation files include the document type in the file name (e.g., Successor AwardeeOrganizationName_Signed Successor Awardee 8821.pdf). Confirming Accurate Awardee Contact Information

If a Successor Awardee submits an Allocation Transfer Request and the status is updated to "Not Approved," the Successor Awardee should contact the Awardee to verify that the information entered about the Awardee is accurate. This includes the Awardee's contact name, email address, and control number(s). If the original information was inaccurate, the Successor Awardee should obtain the correct details and resubmit the Allocation Transfer Request with the updated information.

The Awardee contact name and email address must match the information listed as the "Applying Contact." To find this, the Awardee should go to the *Project List* view in the Applicant Portal and click the link under "Applying Contact" column for each control number.
