Part II—Type of Request

Line 8. Check the box that best describes your request. Submit a separate request for each type of request set forth in Part II, unless you are requesting to be reclassified as a public charity under section 509(a)(3), in which case you check both the line 8f and 8g boxes. Submit an attachment that provides a detailed explanation of your request. Be sure to include your name and EIN on each additional sheet submitted. For additional information on any of the determination issues covered by Form 8940, visit our website at www.irs.gov/eo

Line 8a. Advance approval of certain set-asides described in section 4942(g)(2). Check this box if you are requesting advance approval of certain set-asides under section 4942(g)(2).

If the requirements of section 4942(g)(2) are met, an amount set aside for a specific project which comes within one or more purposes described in section 170(c)(2)(B) may be treated as a qualifying distribution in the year of the set-aside rather than in the year in which it is actually paid. A set-aside under the suitability test requires advance approval.

Based on requirements for advance approval of a set aside in Regulations section 53.4942(a)-3(b)(7), submit the following information:

- A description of the nature and purposes of the project and the amount of the set-aside.
- A statement providing amounts and dates of planned additions to the set aside after its initial establishment.
- An explanation of why the project can be better accomplished by a set-aside rather than an immediate payment of funds.
- A description of the project including estimated costs, sources of any future funds expected to be used, to complete the project, and location of any physical facilities to be acquired or constructed as part of the project.
- A statement that the amounts to be set aside will actually be paid within a specified period of time that ends not more than 60 months after the date of the first set-aside, or a statement showing good cause why the period for paying the amount set aside should be extended. Any good cause statement must include a showing that the proposed project could not be divided into two or more projects

covering periods of no more than 60 months each and setting forth the extension of time required.

The request must be submitted before the end of the tax year in which the amount is set aside.

Line 8b. Advance approval of voter registration activities described in section 4945(f). Check this box if you are requesting advance approval of voter registration activities described in section 4945(f).

Under section 4945(f), an exempt section 501(c)(3) organization may engage in nonpartisan voter registration activities if certain requirements are satisfied. If an organization meets these requirements, a grant by a private foundation to such organization is not considered a taxable expenditure even though the grant is earmarked for voter registration purposes generally.

An organization will be given an advance ruling that it is described in section 4945(f) for its first tax year of operation if it submits evidence establishing that it can reasonably be expected to meet the tests under section 4945(f) for such year. Submit information demonstrating how you meet each of the five requirements:

1. You (the organization engaging in the voter registration activities) are described in section 501(c)(3) and exempt from taxation under section 501(a).

2. Your voter registration activities are:

- nonpartisan,
- not confined to one specific election period, and

3. You spend substantially all of your income directly for the active conduct of activities constituting the purpose or function for which you are organized and operated rather than to make grants to fund the activities of other organizations.

4. You receive substantially all of your support (other than gross investment income) from:

- exempt organizations;
- the general public;
- governmental units; or
- any combination of those.

You do not receive more than 25 percent of your support (other than gross investment income) from any one exempt organization; and do not receive more than 50 percent of your support from gross investment income.

5. Contributions to you for voter registration drives are not subject to conditions that they may be used only in specified states or other localities of the United States, or that they may be used in only one specific election period.

Line 8c. Advance approval of individual grant procedures described in section 4945(g). Check this box if

you are a private foundation and are requesting advance approval of your individual grant-making procedures under section 4945(g). A private foundation's grant to an individual for travel, study, or similar purposes generally is a taxable expenditure if made before the foundation obtains IRS approval of its grant procedures.

Individual grant-making programs described in section 4945(g) include:

1. section 4945(g)(1) — Scholarship or fellowship grants described in section 117(a)(1) (as in effect on the day before the 1986 amendment), awarded on an objective and nondiscriminatory basis, and used for study at an educational organization described in section 170(b)(1)(A)(ii)

2. section 4945(g)(2) — Prizes or awards described in section 74(b)

Note. *If your prizes or awards are not intended to finance a future activity of the recipient and impose no conditions on the recipient as to how they may be spent, you do not have to request advance approval of your grant-making procedures for such prizes or awards, because such a prize or award is not a grant for travel,*

study, or other similar purposes. See Revenue Rulings 77-380, 1977-2 C.B. 419; 76-460, 1976-2 C.B. 371, and 75-393, 1975-2 C.B. 451.

3. section 4945(g)(3) — Grants to achieve a specific objective; produce a report or other similar product; or improve or enhance a literary, artistic, musical, scientific, teaching, or other similar capacity, skill or talent.

- Submit a statement indicating whether you are requesting advance approval of your individual grant-making procedures under section 4945(g)(1), (3), or a combination of them.

- Submit a completed Form 1023, Schedule H - Organizations Providing Scholarships, Fellowships, Educational Loans, or Other Educational Grants to Individuals and Private Foundations Requesting Advance Approval of Individual Grant Procedures. Review the instructions to Form 1023 for guidance on completing Schedule H.

Line 8d. Exception from Form 990 Filing Requirements. Check this box if you are requesting an exception from filing Form 990, Form 990-EZ, Short Form of Organization Exempt From Income Tax or Form 990-N (e-Postcard).

If you believe you should be exempt from filing Form 990 or Form 990-EZ because you are affiliated with a church or a convention or association of churches, please review Regulations section 1.6033-2(g) and (h) and Rev. Proc. 96-10 1996-1 C.B. 577.

If you believe you should be exempt from filing Form 990 or Form 990-EZ because you are a governmental unit or affiliated with a governmental unit, please review Rev. Proc. 95-48 1995-2 C.B. 418.

Indicate under which exception, as listed in *Table 1*, you believe you qualify for exemption from filing, and submit the appropriate information.

Line 8e. Advance approval that a potential grant or contribution is an “unusual grant” Check this box if you are requesting advance approval that a grant (including a contribution or bequest for this purpose) is an “unusual grant”.

If you are described in section 170(b)(1)(A)(vi) or section 509(a)(2) you may request a determination that a grant you received be classified as an “unusual grant” under Regulations section 1.170A-9T(f)(6)(ii) or 1.509(a)-3T(c)(3).

Regulations sections 1.170A-9T(f)(6)(iii) and 1.509A-3T(c)(4) set forth the criteria for an unusual grant. Grants are considered unusual if each of the following three requirements is met:

1. The grant is attracted by reason of the publicly supported nature of the organization;
2. The grant is unusual or unexpected with respect to the amount thereof; and
3. The grant, would, by reason of its size, adversely affect the status of the organization as normally being publicly supported for the applicable period.

Line 8f. Change in Type or Initial Determination of Type for 509(a)(3) Organizations. Check this box if you are a 509(a)(3) supporting organization requesting a change in Type or initial determination of Type.

Supporting organizations are described in section 509(a)(3) based on the type of relationship they have with their supported organization(s). Under the Pension Protection Act of 2006 (PPA) supporting organizations are classified as Type I, Type II, or Type III supporting organizations. The names reflect the existing three relationships with supported organizations described in the current regulations:

- A Type I supporting organization is operated, supervised, or controlled by its supported organization(s) (comparable to a parent-subsidiary relationship).
- A Type II supporting organization is supervised or controlled in connection with its supported organization(s) (comparable to a brother-sister relationship).
- A Type III supporting organization is operated in connection with its supported organization(s). The PPA further classifies Type III supporting organizations into the following two categories: Type III supporting organizations that are functionally integrated or Type III supporting organizations that are not functionally integrated.

1. Proposed regulations under the Code, required by the PPA, provide new rules for Type III supporting organizations that are operated “in connection with” their supported organizations (74 Fed. Reg. 48672). The proposed regulations also provide the criteria that Type III supporting organizations must satisfy in order to qualify as “functionally integrated.” For those Type III supporting organizations that do not qualify as functionally integrated, the regulations require an annual payout equal to five percent of the fair market value of the organization’s non-exempt use assets.
2. Organizations may continue to rely on the existing regulations that apply to Type III supporting organization until the

effective date of final or temporary regulations (except for the alternative responsiveness test for trusts that was eliminated by the PPA).

If you are a section 509(a)(3) supporting organization that has received a further determination that you are classified as a Type I, Type II, or Type III supporting organization, and you wish to request a change in Type, please submit the following:

- a request for change from a Type ___ to a Type ___ section 509(a)(3) supporting organization,
- a copy of the your organizing document,
- a copy of your bylaws, and
- Schedule D of Form 1023*

If you are a section 509(a)(3) supporting organization that has not received a determination that you are classified as a Type I, Type II, or Type III supporting organization, and wish to request a determination of your Type, please submit the following:

1. a request for classification as a Type ___ section 509(a)(3) supporting organization,
2. a copy of the your organizing document,
3. a copy of your bylaws, and
4. Schedule D of Form 1023*

* Effective August 17, 2006, the alternative responsiveness trust applicable to charitable trusts was eliminated by the PPA. As a result, all supporting organizations seeking Type III classification, including charitable trusts, must answer questions under Lines 4a-e of Section II of Schedule D (regardless of whether they checked “Yes” on Line 3).

If you have requested classification as a Type III supporting organization and wish to be further classified as functionally integrated, provide a narrative description and discussion of all relevant facts that support a functionally integrated classification under Prop. Regulation section 1.509(a)-4(i)(4) or the corresponding section of the final regulations, if they have been published.

Line 8g. Reclassification of Foundation Status. Check this box if you are requesting a reclassification of foundation status.

If you are described in section 501(c)(3) and classified by the IRS as a public charity, you may request a determination regarding a change in your public charity classification. Submit a request indicating your current public charity classification and the public charity classification to which you are requesting reclassification. Also, provide a statement describing any adverse impact if you do not receive the requested status.

Also check this box if you are a public charity seeking classification as a private

foundation. (Note: A public charity that has become a private foundation can indicate its new private foundation status simply by filing a Form 990-PF, *Return of Private Foundation or Section 4947(a)(1) Nonexempt Charitable Trust Treated as a Private Foundation* and following any procedures specified in the form, instructions or other published guidance.)

Also check this box if you request reclassification as an operating foundation or as an exempt operating foundation. A private foundation that wishes to become a public charity must terminate its private foundation status. See line 8h.

Also check this box if you are a nonexempt charitable trust described in section 4947(a)(1) and are requesting an initial determination that you are described in section 509(a)(3).

These instructions supplement the procedures set forth in Rev. Proc. 2011-10, 2011-2 I.R.B. 294.

An organization that is not currently classified under section 509(a)(3) and requests section 509(a)(3) classification or reclassification must check the boxes for both line 8f and line 8g. See *Table 2* for details.

Line 8h. Termination of private foundation status under section 507(b)(1)(B) – advance ruling. Check this box if you are requesting an advance ruling on termination of your private foundation status.

Section 507(b)(1)(B) allows a private foundation to terminate its private foundation status and become a public charity. An organization may terminate its private foundation status under section 507(b)(1)(B) if it meets the requirements of section 509(a)(1), (2), or (3) for a continuous 60-month period beginning with the first day of any tax year, and notifies the IRS before beginning the

60-month period that it is terminating its private foundation status.

Note. *An organization that erroneously determined that it was a private foundation but that actually qualified and has continued to qualify as a public charity may request retroactive reclassification as a public charity instead of terminating private foundation status under section 507(b)(1)(B). The organization must demonstrate that it has continuously qualified as a public charity.*

An organization that wishes to terminate its private foundation status under section 507(b)(1)(B) is not required to obtain an advance ruling, but merely to

provide the information set forth in Regulations section 1.507-2T(b)(3). If a private foundation obtains an advance ruling that it can be expected to satisfy the requirements of section 507(b)(1)(B)(i) during the 60-month period, then contributors may rely on such ruling as set forth in Regulations section 1.507-2T(d)(3), and there will be no penalty under section 6651 for failure to pay section 4940 tax during the 60-month period if the organization fails to terminate its private foundation status. The organization cannot otherwise rely on the advance ruling during the 60-month period or thereafter.

The request for an advance ruling should include:

- The name and address of the private foundation
- A statement of its intention to terminate its private foundation status
- Descriptions of the organization's past, current, and proposed activities, and how it intends to attract public support
- Proposed budgets during the 60-month termination period
- The date the organization's regular tax year begins
- The date the 60-month termination period begins
- The Code section under which it seeks classification (section 509(a)(1), (2), or (3))
- If section 509(a)(1) applies, the specific type of section 170(b)(1)(A) organization for which it seeks classification as well as the appropriate schedule of Form 1023 (if applicable)
- If section 509(a)(2) applies, Schedule A Part III of Form 1023
- If section 509(a)(3) applies, see instructions for line 8(g), Request for reclassification as a supporting organization described in section 509(a)(3)

As a condition to receiving the advance ruling, you must consent to extend the period of limitations to assess section 4940 tax, for any tax year within the advance ruling period, to four years after filing the Form 990 or Form 990-PF annual information return for the last tax year within the 60-month period.

Line 8i. Termination of private foundation status under section 507(b)(1)(B) – 60 month period ended. Check this box if you if you have completed the 60-month termination of foundation status period.

Regulations sections 1.507-2T(b)(4) and (c) require an organization, which is terminating its private foundation status, to notify the IRS that it has met the

requirements of a public charity within 90 days after the end of 60-month period.

Information to be provided at the conclusion of the 60-month period must include the following:

- A complete description of the organization's current operations pertinent to the public charity status, as well as any changes during the 60-month period.
- Copies of the organization's governing instruments, bylaws, and amendments during the 60-month period (if applicable).
- For public charity status under sections 509(a)(1) and 170(b)(1)(A)(vi) or section 509(a)(2), Form 990 Schedule A Part II or III (as applicable) for the 60-month period.

An organization that intends to terminate its private foundation status as a section 509(a)(3) supporting organization at the conclusion of the 60-month period should also include the following:

- Details of the relationship between the organization and the supported organizations during the 60-month period.
- All pertinent information to establish that the organization did not violate the control requirements described in section 509(a)(3)(C) during the 60-month period, such as details of any changes in its foundation managers (as defined in section 4946(b)(1)) during the 60-month period.
