Frequently Asked Questions

What is the Tax-Exempt Organization Burden survey?

This survey is about what it costs your organization to comply with tax rules and regulations as they relate to its federal exempt organization return. For most organizations, these costs are a combination of time spent and out-of-pocket expenses. Please be assured that you will not be asked about the income or other financial details of your organization's tax return.

Who should complete this survey?

The individual most responsible for maintaining the financial records for your organization or making the financial and tax-related decisions for your organization should complete this questionnaire. Please feel free to consult with others to complete the survey.

Should I send this survey to my external service provider or contractor?

No, please do not forward this survey to your external service provider, whether paid or volunteer, if you have one, because this survey concerns time and money spent by your organization, not theirs.

What does "federal exempt organization return" mean?

Federal exempt organization return in this survey refers to Form 990, 990-EZ, 990-PF, or 990-T, as well as any related forms (e.g., Form 8868), schedules, and worksheets.

How was my organization selected for this survey?

Your organization was randomly selected from organizations that have recently filed Form 990, 990-EZ, 990-PF, or 990-T returns.

If you provide services for more than one organization, please look at the address label of this mailing to see which organization was randomly selected to receive this survey.

How will my answers be used?

Please be assured that your responses will be used for research and aggregate reporting purposes only and will not be used for other non-statistical or non-research purposes such as direct enforcement activities.

Why should I participate?

While participation is voluntary, information about your organization's tax preparation experience will help the IRS reduce taxpayer burden. We encourage you to take a few minutes of your time to participate. By doing so, you will make sure that organizations like yours are represented.

How long will this survey take?

Public reporting burden for this collection of information is estimated to average 15 to 20 minutes, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
