Corporation Source Book of Statistics of Income, 1993

NOTES

* Estimate should be used with caution because of the small number of sample returns on which it is based.

** In order to avoid disclosure of information for specific corporations, these data have been combined with data in a lower asset size class.

*** In order to avoid disclosure of information for specific corporations, these data have been deleted. Data are included in appropriate totals.

✔ This asset size class includes data from one or more higher size classes. See note number 3 below for further explanation.

(-0) Less than $500 per return.

1. Income year 1993 covers corporation accounting periods ended July 1993 through June 1994.

2. Size of total assets are in thousands of dollars, except for the third asset column which should be read as $1 under $100,000.

3. Detail may not add to totals due to rounding and deletion of data. The statistics at the major group level were derived by adding the appropriate minor industries after combinations of asset size classes had been made. The statistics of industrial divisions and the U.S. Totals were similarly derived by adding the appropriate major groups and industrial divisions, respectively. These differences are particularly evident for the Net Income, Total lines when comparing identical industries between the two sections ("Returns With and Without Net Income" and "Returns With Net Income").

4. When data are the same for minor and major industries, only the major industry is shown. When data are the same for minor, major and industrial division industries, only the industrial division is shown.

5. Form 1120S returns, which are included in the first two sections, are also shown separately in the last two sections of this book. For more information on Form 1120S returns, See Gill, Amy M. and Wittman, Susan M., "S Corporation Returns, 1993," *Statistics of Income Bulletin*, Spring 1996, Volume 15, Number 4.

6. Beginning with 1993, negative income, deduction, asset and liability items reported by taxpayers are included in the related other field (other income, other deductions, other assets or other liabilities). As a result, negative amounts may be seen in other income, other deductions, other assets and other liabilities.

7. See the report STATISTICS OF INCOME--1993, CORPORATION INCOME TAX RETURNS, for a discussion of these statistics including:

   Changes in law
   Description of the sample and limitations of the data
   Explanation of terms
   Facsimiles of corporation income tax return forms, 1993
