Dear :

You asked for advance approval of your scholarship procedures under Internal Revenue Code (IRC) Section 4945(g)(1). You requested approval of your scholarship program to fund the education of certain qualifying students.

This approval is required because IRC Section 4945 provides for the imposition of taxes on each taxable expenditure of a private foundation. IRC Section 4945(d)(3) provides that the term "taxable expenditure" includes any amount paid or incurred by a private foundation as a grant to an individual for travel, study, or similar purposes by the individual, unless the grant satisfies the advance approval requirement of IRC Section 4945(g).

Our determination

We approved your procedures for awarding scholarships. Based on the information you submitted, and assuming you will conduct your program as proposed, we determined that your procedures for awarding scholarships meet the requirements of IRC Section 4945(g)(1). As a result, expenditures you make under these procedures won't be taxable.

Additionally, awards made under these procedures are scholarship or fellowship grants and are not taxable to the recipients if they use them for qualified tuition and related expenses (subject to the limitations provided in IRC Section 117(b)).

Description of your request

Your letter indicates you will operate a program to award educational scholarships designed to help defray the costs of attending high school and college, as described in IRC Sections 509(a)(1) and 170(b)(1) (a)(ii). The purpose of your scholarship program is to support inner city children and children of veterans with a demonstrated financial need and a strong showing of faith.

You expect to award D scholarships annually in the amount of y dollars, based on availability of funds. Scholarships may be renewable, based on recipient's academic records and a written report of their experience in college.

Eligible applicants are legal residents of B or C attending an area high school or that are a high school senior who have been accepted as a full-time student at any accredited college or university, and matriculated on a course of study leading to a bachelor's degree. You estimate there are G individuals eligible to apply annually.

Your selection criteria will focus on academic achievement, financial need, attendance, and commitment to your charitable purposes. The application process contains a written application with answers to short essay questions, and a copy of school transcript. An interview may be required for applicants to explain their financial hardships. Candidates are required to have their parent or legal guardian sign-off on their application. The FAFSA report will also be reviewed to determine applicants' financial needs.

You will publicize your scholarships program online and by discussions with counselors at area schools.

Your selection committee will be comprised of your trustees, and non-trustee individuals, appointed by your trustees. Members of the selection committee, as well as their family members, shall not receive private benefit, directly or indirectly, if certain potential grantees are selected over others. You will distribute the scholarship grant awards directly to the school or institution, after receiving recommendations from your selection committee.

You represent that you will complete the following:

- Arrange to receive and review grantee reports annually and upon completion of the purpose for which the grant was awarded,
- Investigate diversion of funds from their intended purposes,
- Take all reasonable and appropriate steps to recover the diverted funds and ensure other grant funds held by a grantee are used for their intended purposes, and
- Withhold further payments to grantees until you obtain grantees' assurances that future diversions will not occur and that grantees will take extraordinary precautions to prevent future diversion from occurring.

You also represent that you will:

- Maintain all records relating to individual grants including information obtained to evaluate grantees,
- Identify a grantee is a disqualified person,
- Establish the amount and purpose of each grant, and
- Establish that you undertook the supervision and investigation of grants described above.

Basis for our determination

IRC Section 4945 imposes excise taxes on the taxable expenditures of private foundations. A taxable expenditure is any amount a private foundation pays as a grant to an individual for travel, study or other similar purposes. However, a grant that meets all the following requirements of IRC Section 4945(g) is not a taxable expenditure.

- The foundation awards the grant on an objective and nondiscriminatory basis.
- The IRS approves in advance the procedure for awarding the grant.
- The grant is a scholarship or fellowship subject to the provisions of IRC Section 117(a).
- The grant is to be used for study at an educational organization described in IRC Section 170(b)(1)(A)(ii).

Other conditions that apply to this determination

- This determination only covers the grant program described above. This approval will apply to succeeding grant programs only if their standards and procedures don't differ significantly from those described in your original request.
- This determination applies only to you. It may not be cited as a precedent.
- You cannot rely on the conclusions in this letter if the facts you provided have changed substantially. You must report any significant changes to your program to the IRS at:

- All funds distributed to individuals must be made on a charitable basis and further the purposes of your organization. You cannot award grants for a purpose that is inconsistent with IRC Section 170(c)(2)(B).
